Chromaglass™

Painted Glass Range

ChromaGlass™ is our new range of painted toughened safety glass. The fact that it can also be laminated means that your only limit is your imagination.

Suitable for both domestic and commercial applications, it is both functional and decorative.

We offer colour matching* of our **ChromaGlass™** to the full range of Classic RAL colours. See our website

<http://www.tipperaryglass.ie>

*** End result may vary depending on glass type used. Clear glass has a slight green tint to it due to iron content. A low-iron glass will give a truer match.**

CE Marked:

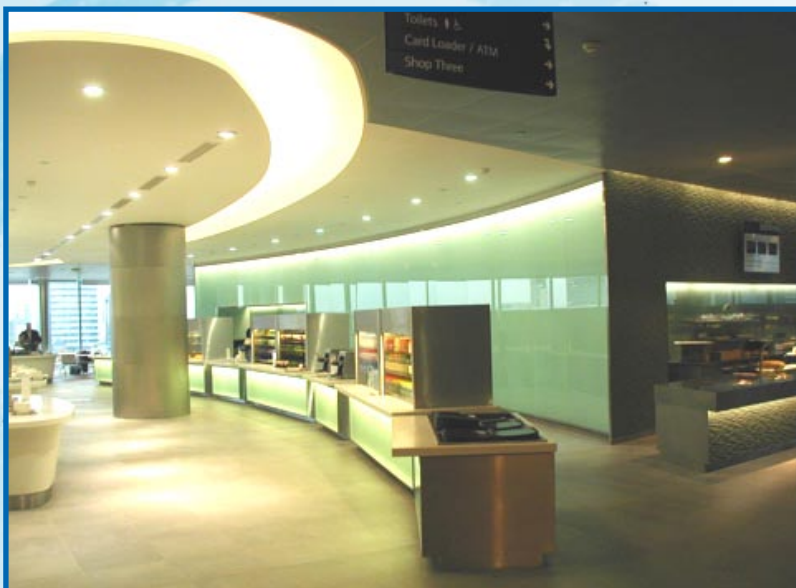

- EN 12150
- EN 14449
- EN 12600
